

Fast online Criminal Record Checks designed for busy Care Providers

Nottinghamshire Care Association
01384 637116
enquiries@wmcha.co.uk

NCA DBS System allows employers to submit electronic applications and receive the results electronically. NCA offer Care Provider, a self administered system which can be accessed 24 hours a day. Users will have their own secure control panel from where they can add new candidates, monitor the progress of their applications and more importantly see the results as they come in and print them out if they are clear.

Specialists in the Care Industry

The Association deals with the Adult Care Industry therefore we can ensure you have industry specific advice every step of the way and we will monitor your applications to ensure they comply with the requirements of CQC, the CCG and the Local Authorities

Quick and Simple

Members have been using the system for years and once they have gone through the first one can't believe how easy it is for a busy Care Provider. We are confident that this system offers employer's one of the fastest and simplest Criminal Record checking services available. Once you press 'Approve' your application is invoiced and sent to the DBS for processing. Enhanced DBS checks are usually completed within 7 days, but many come back in 4 hours. The exception is where the Police need to do additional check on the applicant. There are no maximum or minimum number of checks required and no registration fees.

Set Up

If you would like to be setup to use the system, you need to complete the simple form and return it via email and you will be set up in a few minutes.

How to pay

If you are not set up for Direct Debit with the Association you will need to complete the form which is also attached and return it by post. The Banks will not accept a scanned copy.

This is a service run by West Midlands Care Association who are now looking after Nottinghamshire Care Association.
